

# GDPR Compliance

## Website and Data Security Package

The General Data Protection Regulation (GDPR) comes into force on 25th May 2018. Compliance is a legal requirement: **Are you ready?**

Ascendancy have put together a **Website and Data Security package** which is designed to help your business work towards compliance.

\* Additional annual hosting charges will apply

\*\* Ascendancy are not responsible for the wording of this, but can point you to some good examples

Helping your business work towards compliance
